

## **IMPORTANT HOTSPOT SAFETY INFORMATION**

- Do **NOT** expose hotspot or accessories to water or other liquids. If the hotspot does get wet, immediately turn the power OFF and remove the battery.
- Do **NOT** expose hotspot to direct sunlight for extended periods of time, such as on the dashboard of a car.
- AVOID dropping, hitting, bending, or sitting on hotspot.
- Do **NOT** use hotspot while driving.
- Do **NOT** use hotspot on an airplane.
- Do **NOT** use hotspot in healthcare facilities or near medical equipment.
- Do **NOT** use hotspot in a blasting area or any area with signs indicating that two-way radios should be turned off.
- Do **NOT** use hotspot in any potentially explosive area.
  - Do **NOT** use hotspot in fueling areas, such as gas stations.
  - Do **NOT** use hotspot below deck on boats.
  - Do **NOT** use hotspot in fuel or chemical transfer or storage areas.
  - Do **NOT** use hotspot in areas where the air contains chemicals or particles such as grain, dust, or metal powders.
  - Do **NOT** use hotspot in any other area where you would normally be advised to turn off your vehicle's engine.
  - Do **NOT** transport or store flammable gas, flammable liquids, or explosives in the compartment of your vehicle that contains the hotspot or accessories.
- Do **NOT** allow children or pets to play with the hotspot or accessories.
- Do **NOT** charge the hotspot in direct sunlight or in high humidity areas, such as the bathroom.
- Do **NOT** attempt to disassemble the hotspot or accessories
- Ensure that the hotspot is 1.5 cm from all bodies while in use.
- Hotspot may cause interference to radio or television reception, which can be determined by turning the hotspot off and on. Reorienting the hotspot or increasing the distance between the hotspot and the receiver may correct the problem.

**Consult the manufacturer of any motor vehicle electronics or personal medical devices, such as pacemakers or hearing aids, to determine if they are adequately shielded from external RF frequencies before using hotspot in the area of the devices.**
